

CNA TEST PREP AT METHODIST COLLEGE

Prepare for the Illinois State Basic Nurse Training Certification Exam (for CNA's). This two-day training begins with a practice test. Results from the practice test will be used to guide the training curriculum to meet the unique needs of the students. The curriculum will include study strategies, review of medical vocabulary, CNA test taking strategies, and basic content. The training is then followed by a second practice exam in order to give students two opportunities to experience a CNA exam.

Course Schedule:

Practice CNA Test #1
April 9: 4-6:00pm

CNA Test Prep Class
April 14: 8 -11:00am

Practice CNA Test #2
April 14: 11:15am - 1:15pm
