*The Bachelor of Science in Nursing – Second Degree is for individuals who have completed a bachelor’s degree in another subject. Students must complete Anatomy and Physiology I & II before taking certain nursing courses. See prerequisite requirements for N2314, N3313 and N2416 above.

**Upper level general education (6 credits) required. Students may have transfer credits to fulfill this requirement

Time to completion may be impacted dependent on number of credits taken per term, or student’s status as part-time or full-time.
