

# Hepatitis B Flowchart

If you have had:

Action Steps:

Full Hep B vaccine series  
AND  
A positive Hep B titer  
(result of 10 IU/mL or  
greater)

1. Upload proof of vaccine series to "Hepatitis B" spot.
2. Upload positive titer results to "Hepatitis B Titer" spot.
3. Fill out option 1 of Hepatitis B Titer Declination & Confirmation Form and upload completed form to "Hepatitis B Titer Declination & Confirmation Form" spot.

Full Hep B vaccine series  
AND  
A negative Hep B titer (result  
of <10 IU/mL)

1. Upload proof of vaccine series to "Hepatitis B" spot.
  2. Upload negative titer results to "Hepatitis B Titer" spot.
  3. Either fill out option 2A (if you want to decline additional vaccines) or option 3B\* (if you want to get a booster) of Hepatitis B Titer Declination & Confirmation Form and upload completed form to "Hepatitis B Titer Declination & Confirmation Form" spot. Upload any additional booster vaccines/titers to their corresponding spots in Viewpoint.
- \*If option 3B is selected, you must get a booster (at your own expense) and another titer 30 days after the booster (at your own expense). If titer is negative again (< 10 IU/mL), then you must get the full series (at your own expense) or decline the full series. You must then get another titer (at your own expense) 30 days after your last dose of the repeat series. If this titer is negative, it will be documented that you are a non-responder (another form must be filled out for non-responders).

A positive Hep B titer (result  
of 10 IU/mL or greater)  
AND  
No proof of vaccination series

1. Upload positive titer results to "Hepatitis B Titer" spot.
2. Fill out option 2B (if you want to decline additional vaccines) of Hepatitis B Titer Declination & Confirmation Form and upload completed form to "Hepatitis B Titer Declination & Confirmation Form" spot.

A negative Hep B titer (result  
<10 IU/mL)  
AND  
No proof of vaccination series

1. Upload negative titer results to "Hepatitis B Titer" spot.
  2. Fill out option 3A\* of Hepatitis B Titer Declination & Confirmation Form and upload completed form to "Hepatitis B Titer Declination & Confirmation Form" spot. Upload any additional booster vaccines/titers to their corresponding spots in Viewpoint.
- \*If option 3A is selected, you must get a booster (at your own expense) and another titer (at your own expense) 30 days after the booster. If titer is negative again (< 10 IU/mL), then you must get the full series (at your own expense). 30 days after your last dose of the repeat series, you must then get another titer (at your own expense). If this titer is negative, it will be documented that you are a non-responder (another form must be filled out for non-responders).
