Book vouchers are available to students within a reasonable time of the semester start date. It is the choice of the student whether or not to utilize the voucher. If they choose to use a book voucher, the amount of their book purchase will be added to their ledger. The student is ultimately responsible for the purchase of their books in case of the reduction or elimination of all or a portion of their financial aid. No book vouchers will be issued to any student after the semester has begun, unless due to an error by the College.

### **Career Placement**

All students are assisted with career placement prior to graduation from Methodist College. In addition, recruitment fairs attended by area hospitals and healthcare institutions provide the students with a variety of job opportunities. Services include mock interviews, resume development and review, cover letter preparation, dress for success coaching, and a listing of open positions for graduating students and full and part-time positions current students may qualify for. Students may contact the Director of Operations for assistance with career placement.

### **Disability Services**

Services, including accommodations and limited auxiliary services, are offered for students with documented disabilities. A student with a disability who believes he or she needs an accommodation should contact the ADA coordinator/Student Wellness Coordinator or the Office of Access, Support, and Inclusion Services (O.A.S.I.S). It is the responsibility of students with disabilities to disclose the disability, request needed accommodation, and provide appropriate documentation.

### **Lactation Room**

Methodist College strives to offer support and flexibility to nursing mothers to express their breast milk during school and work hours.

The College has designated a private and sanitary location on campus so that employees and students may express their milk during business hours. The designated lactation room is next to the East restrooms. The lactation room provides an electrical outlet, chair, table, refrigerator, and hot running water and soap in the room.

Lactating employees and students are responsible for keeping the general lactation room clean for the next user. Nursing mothers who feel they have been denied appropriate accommodations are encouraged to contact Human Resources.

## **Technology on Campus**

### **Electronic Communication Expectations**

At the time that new students participate in orientation to the College, they are given an official Methodist College email address. This address is the official means of electronic communication for faculty and staff seeking to share information with students. The portal in CAMS is used to communicate academic performance and financial information.

Students are responsible for the information shared with them by Methodist College staff, faculty, and administration. The College recommends students check their email daily to ensure they can receive this information in a timely manner.

### **System Accounts**

User IDs and Passwords are required to access the College and Carle Health information system resources in order to ensure access is limited to authorized users. Users are responsible for maintaining the confidentiality of their passwords.

### **Computer Laboratory**

There is one computer laboratory for students that is equipped with personal computers and printers. Access to the Internet, EPIC (electronic medical record system), and a variety of software including interactive computer learning programs are available. No food or drink are permitted in the computer laboratory.

### **Printing on Campus**

Each semester, students will receive a 300-page balance to be used for printing and copying. Each student will be assigned a copier code to gain access to the copier. Once you exceed your balance of 300 pages you will no longer be able to print and copy until you add more pages to your account. You can add more pages to your account by going the Welcome Window W104. The cost for more pages is \$0.10 (10 cents) per page. The minimum amount that can be added is \$5.00 each time. Cash payments of up to \$20.00 will be accepted. Transactions more than \$20.00 require a check.

### **Page Balance Information**

- If you purchased pages and have a balance at the end of the semester, it will carry over to the next semester.
- If you purchased pages and have a balance when you leave Methodist College, no refund will be given.
- If you have a balance from the original 300 pages, it will carry over for continuing students.
- If a continuing student has a negative balance, that balance will be subtracted from the 300 pages given to each student at the beginning of the semester.
- If you have a negative balance when you leave Methodist College, it will be added to your bill.

### **Computer and Internet Requirements for Students**

Every program, excluding Nursing Assistant, requires students to complete work on a computer. Just like textbooks, attendance in class, and appropriate study time--a computer and reliable internet access is critical to a student's success. The College offers periodic laptop check-ups to assist students in determining if their laptop meets the minimum specifications. Please review the Student Handbook for each program for the required computer requirements.

## Technical Standards for Nursing Students

Methodist College has academic as well as technical standards that must be met by students to successfully progress in and graduate from its programs. The technical standards are applied with other policies of the college, including academic policies, academic standards established by the faculty, and student conduct policies. Prospective students must demonstrate they can meet these technical standards with or without reasonable accommodations and continue to do so throughout their program.

In preparation for the practice of nursing, students will engage in theory and didactic content, supported by clinical practicum experiences and learning based skills supported by the education program they are participating in.

Key areas for technical nursing standards include having abilities and skills in the areas of:

Technical Areas	Standard	Examples of Activities

To help maintain a safe and secure campus, reasonable precaution for one's safety needs to be exercised by faculty, students, staff, and visitors.

The College keeps the public informed about crime on its campus in accordance with the requirements of the Clery Act. Campus crime stats are reported annually through the Annual Safety Report (ASR) on the website.

## **Family Education Rights and Privacy Act Policy (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) provides students certain rights with respect to protecting the privacy of their education records. They are:

- A. The right to inspect and review the student's education records within 45 business days of the day the Methodist College (the "College") receives a request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The Registrar will plan for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, that official shall advise the student of the correct official to whom the request should be addressed. This right, however, may not be used to inspect and review the financial records of a student's parents or confidential letters and statements of recommendation as to which the student has waived his or her right to inspection and review and the letters and statements related to admission to the College, application for employment or receipt of an honor.
- B. The right to request an amendment of the student's education record that the student believes is inaccurate, misleading, or in violation of the student's right to privacy. Students desiring an amendment to their education record should write the College official responsible for maintaining the record, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of the student's privacy. The student's right to request amendment may not be used to challenge grades.
- C. The right to a hearing regarding the request for an amendment of the student's education records. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. If, as a result of the hearing the College decides the information in the record is inaccurate, misleading or otherwise in violation of the student's privacy rights, the record will be amended accordingly. If the request for amendment is denied, the student will have the right to place a statement in the record commenting on the contested information in it or stating why the student disagrees with the decision of the College, or both. Any such statement will be maintained with the contested part of the record for as long as the record is maintained and will be disclosed whenever the College discloses the portion of the record to which the statement relates.
- D. The right to prevent the College's disclosure of the student's personally identifiable information from the student's education records in most circumstances. Except to the extent that FERPA authorizes disclosure without consent, the College must obtain the written consent of a student before disclosing that student's personally identifiable information contained in the student's education records. Where required, a student's consent must specify the records to be disclosed, the purpose of the disclosure, and the party or class of parties to whom disclosure may be made. FERPA, however, permits the disclosure of the student's information without his or her consent in certain specified circumstances. Those circumstances include, but are not limited to, the following:

- a. The College may make disclosures to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent) institutional services or functions that the College would otherwise use employees to perform; a person serving on the Board of Directors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. A school official must be under the direct control of the institution with respect to the use and maintenance of information from education records.
  - b. The College also may make disclosures to parents in three situations. First, disclosure of a student's personally identifiable information to parents, as well as to others with a need to know, is permitted without a student's written consent in the event of a health or safety emergency. The College may disclose education records in an emergency if the College determines that there is an articulable and significant threat to the health or safety of the student or other individuals. Second, disclosure of a student's personally identifiable information is permitted to parents of the student if the student is a dependent pursuant to Section 152 of the Internal Revenue Code of 1986 and notice is given to the student that a parent has requested such information. Third, disclosure of a student's personally identifiable information to parents is permitted without the student's written consent if the student is under age 21 at the time of the disclosure and has violated a law or College rule or policy governing the consumption or possession of alcohol or a controlled substance.
  - c. The College also will disclose educational records to officials of another postsecondary institution where the student seeks or intends to enroll, or where the student is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.
- E. The right to opt out of the disclosure of directory information.
- a. Pursuant to FERPA, the College has classified certain personally identifiable information as directory information, which may be released without the student's consent. The College defines directory information as the student's name, local and home addresses, telephone number, e-mail address, place and date of birth, dates of attendance, enrollment status, degrees and awards received, participation in organizations or activities, and previous educational institution attended. The release of this information may be in written or electronic form, including images of the student.
  - b. FERPA permits the College to limit the disclosure of directory information to specific parties, for specific purposes, or both. In the exercise of that authority, the College may release all directory information to members of the College family,

defined as administrators, faculty, employees and directors. Other releases will be limited to those situations in which the College, in its discretion, believes the release would recognize a student for academic or extracurricular achievement or otherwise advance the student's career interests or when the College believes the release would serve to advance the interests and image of the College. Examples of such releases would be the disclosure of directory information to prospective employers, financial aid and scholarship agencies or registry, licensure or certification services. Another example would be the release of directory information in connection with College sanctioned alumni affairs.

- c. Students who wish to restrict the release of certain directory information must submit the appropriate form to the Registrar during the first ten business days of each academic term. This form can be found at the Office of Records Management and Registration. Upon receipt of such request, the Office of Records Management and Registration will designate that the student's directory information is confidential and not to be released outside the College except to individuals, institutions, agencies and organizations as otherwise authorized by FERPA. The College will honor all requests to withhold any of the categories of directory information listed above but cannot assume any responsibility to contact the student for subsequent permission to release information. Nondisclosure will be enforced until the student subsequently authorizes its release. A student may not, however, opt-out of disclosure of the student's name, institutional e-mail address, or electronic identifier in the student's classroom. Regardless of the effect on the student, the College assumes no liability for honoring the request of the student to restrict the disclosure of directory information.
- F. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education 400 Maryland Avenue  
SW Washington, DC 20202-59

## Pregnancy Disclosure

A student who is, or becomes, pregnant is strongly encouraged to notify the Title IX Coordinator and her course instructors as soon as possible. By doing so, the student, instructors, and the Title IX Coordinator can collaborate and develop an appropriate plan for the continuation of the student's education considering the unique nature of the College's nursing and health sciences programs and their clinical requirements, as well as particular challenges the student may face while pregnant or when recovering from childbirth (e.g., missed classes, make-up work, etc.). However, the choice to declare a pregnancy is voluntary, and a student is not required to disclose this information to the College.

### Options After Disclosure

Once a student has voluntarily decided to disclose a pregnancy to the College, the student will have several options, as described below. The Title IX Coordinator will meet with the student and instructors (as needed) to discuss the options and plan for completion.

#### A. Continue in the program

If a student decides to continue in the program and desires to have any adjustments to her academic program due to the pregnancy, the student should discuss the requested adjustments with the course instructor and Title IX Coordinator. Such adjustments, if any, will be documented on the form in Addendum A which will be signed by both the student and the instructor. Additional requests for adjustments may be made to the instructor and/or Title IX Coordinator as needed throughout the course of the pregnancy and delivery/recovery.

#### B. Request a leave of absence

- a. A leave of absence due to pregnancy may be for various amounts of time depending on a student's particular circumstances. Such a leave may be extended if deemed medically necessary by the student's physician.
- b. Due to the structure of the College's nursing and health sciences programs, the timing and/or length of the student's leave of absence may result in the student being required to re-take or finish the course(s) in a future term.
- c. If taking a leave of absence due to a pregnancy, the Education Plan in Addendum B will be discussed with student, instructor, and Title IX Coordinator.
- d. Leaves of Absence are processed through the Office of Records Management and Registration.

#### C. Withdraw from the College

The student may, in her sole discretion, determine that she must withdraw from the College for an indefinite period or permanently due to her pregnancy. Normal College withdrawal procedures, and readmission procedures (if applicable), apply.

A student who has questions about this policy or who is concerned about its implementation should contact the Title IX Coordinator, who is identified on the Methodist College website ([www.methodistcol.edu](http://www.methodistcol.edu)) in the *Quick Links* section.

Users of the Carle Health systems should have no expectation of or right to privacy in any type of file sharing/transfer. All use of file sharing and/or transfer must comply with the Carle Health file transfer procedures and rules.

File sharing or transfer refers to movement of electronic data in a structured format (file) between two or more entities inside or outside the Carle Health network, referred to as file transfer in this policy.

All Carle Health affiliate facilities including, but not limited to, hospitals (see attached Addendum A), ambulatory surgery centers, home care programs, physician practices, all Carle Health and affiliate departments and covered group health plans, as applicable. References to Carle Health in this policy include Carle Health, its affiliates, and all organizations more than 50 percent controlled directly or indirectly by Carle Health. This Policy also applies to all external entities for which Carle Health provides file transfer services and personally owned devices used to create, send, or retrieve Carle Health information.

This policy does not apply to routine transfer of files using the electronic mail system.

The purpose of this policy is to:

- A. Protect Methodist College, its personnel, its employees, its students, and its resources from the risks associated with the use of file transfers.
- B. Define appropriate rules for secure use of file transfer systems, including access and use from home or other secure external locations.
- C. Describe the expectations associated with the use of file transfer systems consistent with other Methodist College policies including, but not limited to, those prohibiting harassment and discrimination.
- D. Define Carle Health/Methodist College preferred tools to complete file transfers.

The definition of Cybersecurity (or Cyber Security) is the collection of tools, policies, security concepts, security safeguards, guidelines, risk management approaches, actions, training, best practices, assurance, and technologies that are used to protect networks, computers, programs and data from attack, damage, or unauthorized access.

### Purpose of File Transfers

The file transfer systems are to be used for legitimate business purposes only. Personal use of Carle Health file transfer systems is prohibited. Carle Health reserves the right to apply uniform and consistently enforced controls over its file transfer systems to the extent such controls are necessary to maintain production and discipline as permitted by law.

### Monitoring

The IT Department will maintain controls on the corporate network to detect and block traffic from unauthorized file-sharing software.

### Reporting

## Copyright Policy

This policy is intended to guide the use of copyrighted materials at Methodist College in accordance with the Copyright Law of the United States (title 17, U.S. Code).

Copyright is a deliberate monopoly established by law to secure financial incentives for creators to make new works. Under the current U.S. copyright law (17 U.S. Code), any fixed work is copyrighted. This includes published and unpublished works. Copyright is automatic, it does not require registration (though registration is recommended as it provides some legal benefits). Copyright is currently granted to the creator(s) (and descendants) for life plus 70 years.

The copyright owner has exclusive rights to:

- A. Make copies
- B. Distribute copies
- C. Publicly perform the work
- D. Publicly display the work
- E. Publicly perform by transmission (for audio works)

Copyrighted works can be used by gaining permission from the copyright owner or by one of the exemptions in the copyright law (§107-128).

The person using reproduction equipment is responsible for any infringement.

### Fair Use

Copyrighted works can be used under Fair Use (17 U.S. Code § 107). Fair use is the balancing of four factors.

- A. Purpose of the use (educational or commercial)
- B. Nature of the work (the more creative the more protected)
- C. Amount (using the “heart of the work”)
- D. Effect on the market (decline in profits)

This is a balancing test and not one factor is dispositive.

The more transformative the purpose in using a copyrighted work the more likely the use will be covered under Fair Use. For example, parody is well protected.

Three questions to consider in transformative fair use:

- A. Will the incorporation of copyrighted material into my new work help me make my point?
- B. Will the incorporation of copyrighted material help my readers/viewers get that point?
- C. Have I used no more than necessary to make the point?

### Classroom Use

Using copyrighted material is not infringement if the “performance or display of a work by instructors or pupils in the course of face-to-face teaching activities of a nonprofit educational institution, in a classroom or similar place devoted to instruction, unless, in the case of a motion picture or other audiovisual work, the performance, or the display of individual images, is given by means of a copy that was not lawfully made under this title, and that the person responsible for the performance knew or had reason to believe was not lawfully made” (17 U.S. Code § 110(1)).

### Teach Act

17 U.S. Code § 110(1) only applies to face-to-face teaching. The TEACH Act, or “Technology, Education, and Copyright Harmonization Act of 2002,” amended the 17 U.S. Code § 110(2) to allow copyrighted materials to be used for online digital courses that have a closed group of registered students and the material shared is lawfully made.

### DMCA

Digital Millennium Copyright Act (DMCS) of 1998 created steeper penalties for creating unlawful copies of software and other technologies. It also limited the liability of Internet Service Providers. DMCA increased copyright protection for images and other works on the Internet.

### Creative Commons

Creative Commons is a copyright alternative that grants licenses for use of work. A creator can issue a Creative Commons license which prescribes how a work can be used without asking permission of the creator, Creative Commons work is indicated by “CC-BY” notification.

### Public Domain

Copyright is not intended to last forever. Works in the public domain are not subject to copyright. Public domain works have expired copyrights, or the copyrights have been forfeited. Other public domain items include ideas, facts, blank forms, works created by the Federal Government, and words, names, slogans or other short phrases (can be protected by Trademark).

Before reproducing, preparing derivative works, distributing copies, publicly performing or displaying material that is protected under copyright law, determine if:

- A. The work in the public domain. If yes, no permission is necessary.
- B. Fair use guidelines or other exemptions apply.

If the work is not in the public domain or fair use (or other exemptions) do not apply, you must obtain permission from the copyright owner to use the work.

## **Professional Behavior of Students**

The Student Code of Conduct (below) utilizes the values of Methodist College (human dignity, integrity, inquiry, and social justice) to set the standards by which students will behave; the procedures to report alleged violations; the standards of due process; and the sanctions for violating the code. While effective, faculty and staff reserve filing a violation of the code of conduct for more serious breaches of student behavior such as blatant plagiarism, damaging college property, aggressive behavior towards another individual, or theft.

### *Student Professionalism Expectations*

Student Professionalism Expectations are intended to complement the Student Code of Conduct and are guided by the values of the College as well. The Student Professionalism Expectations provides another opportunity for faculty, administrators, and staff to provide feedback and guidance to students to better hone and develop their professional skills such as proper communication and appropriate behavior with students, staff, and faculty. The Professionalism Expectations also provide a formal reporting system for less egregious breaches of student behavior that may be exhibited in more than one area of the college and might be precursors to more serious behavior.

The Student Professionalism Expectation is a communication process rather than a disciplinary tool. A significant “coachable moment” with a student to discuss inappropriate behavior or the develop a specific professional skill is what prompts the reporting process.

All sanctions become part of a Respondent's permanent College disciplinary record. The College may withhold a degree, or any other academic achievement, otherwise earned, until the completion of the process set forth in this Policy, including appeals and the completion of any and all sanctions.

#### **7.2 Sanctions for violations of disciplinary regulations include, but are not limited to:**

7.2.1 Warning. Warning is a written notice to the Respondent to avoid a recurrence of any conduct that violates this policy and/or any College policy. Subsequent violations of this policy or any College policy may result in more severe disciplinary action.

7.2.2 Disciplinary Probation. Disciplinary probation is a specified period, a minimum of one semester, requiring the Respondent to avoid a recurrence of any conduct that violates this policy and/or any College policy that may result in additional College sanctions, including, but not limited to, suspension or expulsion. The Respondent shall not represent the College in any extracurricular activity or run for or hold office in any student group or organization for a specified period. Additional restrictions or conditions may also be imposed.

7.2.7 Suspension. Suspension is removal of a Respondent for a defined period during which a Respondent loses all College privileges, which generally includes access to classes, facilities, programs, activities, services, property, and College Premises. Credit earned elsewhere during the period of suspension may not subsequently be transferred to the College. Permanent notification shall appear on the Respondent's transcript.

## **8 Disciplinary Records**

Sanctions, except for suspension or expulsion, are not recorded on a Respondent's transcript, and are not reported to external agencies as a College disciplinary action, unless required by law or specifically authorized by the Respondent.

8.2 Disciplinary records may be expunged from the Respondent's disciplinary file by the Student Conduct Administrator for good cause, upon written petition of the accused Respondent, up to three years from the date of final written decision. Disciplinary records shall not be expunged without unusual and compelling justification. Factors to be considered in review of such petitions shall include:

8.3 The Student Conduct Administrator will respond, in writing, within ten (10) Business Days of the receipt of the petition. If the Student Conduct Administrator denies the petition, copies of this letter will be kept.

8.4 Expunged records shall not be destroyed but maintained in a separate file and shall not be

Retaliation of any kind is prohibited under the Policy.

**Conflicts of Interest.** Due care will be taken such that no person who has a conflict of interest will be involved in the Formal Grievance Process. If a conflict of interest is determined and that person has a role in the Formal Grievance Process, the Administrator will reassign the role to another administrator. In the event

the Administrator is implicated in the Formal Grievance Submission Form, then the Chancellor shall resolve the conflict in the same manner.

Form of Communication. All communications and notices required or permitted under this Policy must be sent via College Email.

### **Informal Resolution**

Prior to filing a Grievance a Student shall meet with the Faculty or Staff who is responsible for the matter giving rise to the Grievance to discuss the issues involved and attempt to resolve the situation to the mutual satisfaction of the parties concerned. When at all possible, complaints and disputes should be settled through informal means. All parties are expected to engage in a way that upholds the human dignity of each other. If the matter is not resolved by the parties involved to their mutual satisfaction, a Grievance may be filed under the Formal Grievance Process. The O.A.S.I.S is available to assist Students in managing the communication process regarding the concern.

### **Formal Grievance Process**

In the event a Student is unable to resolve their Grievance through informal means, the Student may file a formal written Grievance using the [Formal Grievance Submission Form](#). The [Formal Grievance Submission Form](#) must be filed within ten (10) business days of the date the Student is advised that no further efforts will be made at the informal stage and shall be submitted to the Administrator. Complainants are not permitted to file a Grievance anonymously, and the Respondent against whom the Grievance is lodged will be notified via the [Administrator Grievance Notification to Respondent Letter](#). In all cases, the accused party will be informed of the Grievance and will have the opportunity to respond or explain during the review process.

### **Initiation**

**Student Submission.** Within ten (10) business days of the date the Student is advised that no further efforts will be made at the informal stage, the Student shall submit a [Formal Grievance Submission Form](#) to the Administrator.

- Assign the Grievance to an ad hoc Review Committee via the [Administrator to Review Committee Letter](#).

### **Review Committee**

**Composition of Review Committee.** The Committee shall be composed of three (3) Faculty or Staff members selected from departments unrelated to either the Complainant or the Respondent to ensure impartiality. Members must maintain independent judgment, free from biases or conflicts of interest.

**Review.** Within ten (10) business days of receiving the [Administrator to Review Committee Letter](#) the Review Committee shall initiate a review of the Grievance based on the details set forth in the [Formal Grievance Submission Form](#). The Review Committee shall have access to any materials that will be helpful in making a recommendation, and shall have the capacity, in its discretion, to request documents, call witnesses, and interview the Complainant and the Respondent (who is not required to respond).

**Interviews.** If the Review Committee concludes that an interview is necessary, the Review Committee shall send notice to the interviewee no fewer than five (5) business days prior to the interview setting forth the date, place and time of the interview. The purpose of an interview is to allow the Review Committee to hear directly from the Complainant, Respondent(s), and witnesses in order to better attempt to resolve the dispute. Attendance is restricted to the Complainant, Respondent(s), and witnesses called by the Review Committee, and if necessary, a representative from the office of Carle Health Legal.

### **Report and Recommendation.**

Within thirty (30) days of receipt of the [Administrator to Review Committee Letter](#), the Review Committee shall submit a report to the Administrator using the [Review Committee Report to Administrator Form](#). The report shall include the following:

## **Religious Holiday Observance**

### **ATTACHMENTS**

[Student Request for Religious Accommodation Form](#)

### **PURPOSE/SCOPE**

- A. Methodist College shall make every effort to avoid scheduling examinations or requiring assignments/projects be turned in or completed on religious holidays.
- B. Students who wish to observe their religious holidays shall notify the faculty members by the tenth day of the semester of the date when they will be absent unless the religious holiday is observed on or before the tenth day of the semester. In such cases, the students shall notify the faculty member at least five days in advance of the date when they will be absent. In cases when the exact date(s) of the religious holiday is/are not known at the start of the semester, the student should notify the faculty member as soon as the exact date is known.
- C. Students should be asked to report if such situations might occur within the first four weeks of the semester. The faculty member shall make every reasonable effort to honor the request, not penalize the student for missing the class, and if an examination or assignment/project is due during the absence, give the student an exam or assignment equivalent to the one completed by those students in attendance.
- D. If the student feels aggrieved, they may request remedy through the campus formal complaint process.
- E. Information concerning specific religious holidays may be obtained from the Office of the Vice President of Enrollment Management & Student Services.

### **DEFINITIONS N/A**

### **STATEMENT OF POLICY**

Methodist College shall make every effort to avoid scheduling examinations or requiring assignments/projects be turned in or completed on religious holidays.

### **PROCEDURE**

- A. Students should not be required to supply verification of their attendance at religious services to qualify for accommodation.
- B. Students may use the [Student Request for Religious Accommodation Form](#) or submit their request to the faculty member.
- C. Any student may appeal to a faculty member's adverse decision to request based on religious beliefs, observances, and practices through the formal complaint process.
- D. Although this policy was adopted to accommodate student observances of religious holidays, students must take care not to abuse the policy. It would be unreasonable, for example, for a student to request a two-week absence from classes for religious purposes.
- E. Students who miss a clinical or practicum will receive an excused absence but will be required to make up any missed clinical or practicum hours. Please refer to the clinical attendance expectations in the Methodist College Catalog.

## **Disability Services**

Methodist College complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act. This ensures equal opportunity for qualified individuals with disabilities as defined by the Americans with Disabilities Act of 1990 (ADA), the ADA Amendments Act of 2008 (ADAAA) and Section 504 of the Rehabilitation Act of 1973.

Students with disabilities must otherwise qualify for the program, classes and clinical in which reasonable accommodations are sought. Under Title III of the ADA, the term "disability" is defined as "with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of such individual; a record of such an impairment; or being regarded as having such an impairment."

Section 504 of the Rehabilitation Act of 1973 as amended states in part under section 7(20) that "no qualified individual with a disability in the United States shall be excluded from, denied the benefits of, or be subjected to discrimination under any program or activity that receives Federal financial assistance".

Reasonable accommodations will be made for qualified students with disabilities unless they impose an undue hardship on the College. Accommodation requests can be made by completing the Request for Accommodations Form which can be accessed via the Methodist College website at <http://www.methodistcol.edu/disability-services.aspx>. Paper copies are available from the ADA Coordinator.

If for any reason a student would like to file a complaint regarding a disability services matter, they may follow the grievance procedure which can be found via the Methodist College website at <http://www.methodistcol.edu/disability-services.aspx>.

It is the student's responsibility to inform the college of any disability in which the student is requesting reasonable accommodations. Additional information regarding the responsibilities of the student can be found on the Methodist College website at <http://www.methodistcol.edu/disability-services.aspx>.

### **Student Disability Accommodation Protocol**

Methodist College complies with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) for accommodation of students with a physical or mental impairment that substantially limits one or more major life activities.

- A. All students who have completed the assessment process through the Office of Access, Support, and Inclusion Services (O.A.S.I.S) and who are documented to have a disability requiring accommodation will receive reasonable accommodations as determined through this process. Students will be afforded these accommodations consistently throughout their course of study at Methodist College. Reasonable accommodations are those that do not fundamentally alter the nature of the College's programs or impose an undue hardship on the College.
- B. Examinations for students who require accommodations for testing (e.g., extended time, paper copies of tests, a distraction-reduced environment) will be administered in the Testing Center to assure compliance with the prescribed accommodations.
- C. Students who have reasonable accommodations that impact classroom (e.g., note taking) or clinical experiences (e.g., hearing) will receive reasonable accommodations as prescribed through collaboration between the student, the O.A.S.I.S, faculty member for the course(s), the Academic Dean/Department Chair, and, if necessary, the Clinical Practice Coordinator.

- D. Students will not be afforded accommodations until the need for such has been verified through the documentation process under the guidance of the O.A.S.I.S.
- E. If a faculty member has any questions or concerns about this policy or about the implementation of a student's disability accommodations, he/she should contact the O.A.S.I.S as soon as possible.
- F. Examinations: Students with disability accommodations will test with staff from the Testing Center. Faculty members will need to consider the types of accommodations specified for their students. The following should be taken into consideration:
  - a. Paper test: Requirements for a paper test can be managed by printing a copy of the examination and taking it to the Testing Center. This should be done at least one hour in advance of the scheduled testing time for the student.
  - b. Extended testing time: Students may be prescribed an extended testing period as an accommodation. When the exam is to be delivered electronically, the faculty member will open the exam for the period specified in the accommodation notice.
  - c. Reduced distraction environment: Students who have reduced distraction environments must be tested in a quiet environment with limited distractions.
- G. Clinical Accommodations: The O.A.S.I.S will provide notification regarding clinical accommodations to the faculty of record for the course, the clinical faculty member, as well as the Director of Simulation and Clinical Practice Center. Where helpful, the faculty member(s) may seek the guidance of the O.A.S.I.S regarding implementation of the accommodations in the practice setting.
- H. Classroom Accommodations: The O.A.S.I.S will provide notification regarding accommodations in the classroom to the faculty member. When helpful, the faculty member(s) may seek the guidance of the Academic Dean/Department Chair, and the O.A.S.I.S regarding implementation of the accommodations in the classroom.
- I. Implementation of Accommodations:
  - a. Faculty shall not deny an accommodation that has been approved by O.A.S.I.S. If there are concerns that an approved accommodation will fundamentally alter the nature of the course, faculty should contact the O.A.S.I.S immediately.
  - b. Faculty shall not share information about a student's accommodations with other students. Care must be taken to avoid discussion of a student's accommodations in front of class in a way that discloses the presence of accommodations.
  - c. Faculty shall not ask a student to disclose what his or her specific disability is that requires accommodation.
  - d. To initiate the accommodation process
    - i. The student is responsible for initiating requests for disability accommodations by contacting the O.A.S.I.S and providing necessary diagnostic information as specified by the director.
    - ii. Should a student approach a faculty member about the possibility of disability accommodations, the faculty member will encourage the student to make the necessary contact with the O.A.S.I.S.
    - iii. The faculty member should not unilaterally grant a student accommodations based on a disability (e.g., give extra time on a test after the student has indicated that he/she has ADHD or "test anxiety"). Instead, the faculty member should

- direct the student to the O.A.S.I.S so that the student and appropriate College officials can engage in conversations to determine what, if any, reasonable accommodations are available to the student.
- iv. Additionally, it is also beneficial to include a short statement in your syllabus about disability accommodations and the O.A.S.I.S and make a general announcement about this information at the beginning of each course.
- e. Approved Accommodations Communicated to the Faculty Member
    - i. The O.A.S.I.S will provide the student with a letter outlining their approved accommodations.
    - ii. The student will be directed to show this document to the faculty teaching the courses in which they are enrolled that semester.
    - iii. The faculty member will discuss the accommodations with the student, assuring that the accommodations will be managed effectively throughout the semester.
    - iv. The O.A.S.I.S will also send an initial email notification to the student's faculty members that the student has been approved for accommodations, but this notification does not state what the specific accommodations are. Notification regarding specific accommodations comes from the student's official letter.
  - f. Faculty Member Meeting with Students
    - i. Faculty members will meet with each of the students in their sections who have disability accommodations to plan for the entire semester.
    - ii. If a student has testing accommodations, a listing of all examinations with dates will be created at that time with faculty and student signatures.
  - g. Accommodations Implemented Consistently:
    - i. When the accommodation pertains to testing, the faculty member will complete the Testing Services Form (located on the desktop of all faculty computers). The form must be completed in its entirety, as this provides the necessary information for the Testing Center to plan for testing.
    - ii. It is vital that the student who is tested in the Testing Center have the same experience as students in the classroom (e.g., if the students in the classroom will have open notes, this must also be allowed for the student being accommodated in the Testing Center).
    - iii. Note: Collaborative testing is difficult if not impossible to implement for students with disability accommodations. Therefore, faculty members must use discretion in testing strategies used for the class, assuring a parallel experience for students with accommodations.
  - h. Students Work with the Testing Center to Schedule Examinations:
    - i. Students are responsible to work with the Testing Center to schedule examinations and to communicate the scheduled time to faculty members such that they can make proper arrangements for delivery of the examination to the Testing Center.
    - ii. The examinations will preferably be administered on the same day and time as the remainder of the class but must be delivered within a five-day window surrounding the time of the examination.
    - iii. The instructor may use different versions of an examination within the parameters of parallel content and difficulty (e.g., topics and Bloom's

taxonomy levels should be the same).

i. Renouncing Accommodations:

- i. Students may elect to discontinue their accommodations at any time.
- ii. Typically, this will occur by the student notifying the O.A.S.I.S. However, there may be times when a student refuses an approved accommodation that a faculty member is attempting to implement.
- iii. In such situations, the faculty member should document the occurrence on the Accommodations Waiver Form and inform the student that he/she should discuss the perceived lack of need for the accommodation with the O.A.S.I.S as soon as possible.

## Policy on Student Counseling Services

All currently enrolled students (both part-time and full-time) are eligible for short-term psychotherapy services, if their psychological or developmental concerns fall within the scope of services and level of care described below. Counseling will be provided by a Licensed Counselor, Social Worker, or graduate-level intern supervised by a fully licensed professional. The Student Counseling Service is a function of the Office for Access, Support, and Inclusion Services (O.A.S.I.S).

These conditions might require a medical leave for treatment via a more intensive level of care, or a referral for more intensive treatment through an off-campus team of professionals.

Methodist College provides equal opportunity to all persons and does not discriminate based on race, color, religion, sex, national origin, sexual orientation, transgender, ancestry, age, disability, marital status, military status or unfavorable discharge from military service, citizenship status, or any other factors that are unlawfully discriminatory. It also complies with all applicable Federal and State laws regarding Fair Employment Practices.

Methodist College welcomes persons from all backgrounds and beliefs to join our staff and College community. We seek to create and foster a sense of community that facilitates the development, both personal and professional, of all our members, including employees and students and others who participate in our programs and activities.

Methodist College is committed to providing equal opportunities for all persons regardless of race, color, religion, sex, national origin, sexual orientation, transgender, ancestry, age, disability, marital status, military status or unfavorable discharge from military service, citizenship status, or any other status protected by law (“protected status”). This is reflected in all policies, programs and procedures. Methodist College complies with federal, state and local equal opportunity laws and strives to keep the workplace, and all programs and activities, free from all forms of illegal discrimination and harassment, as well as free from all forms of disrespectful conduct even where such conduct does not constitute a legal violation. (See separate policy on Prohibition of Sexual and Other Forms of Harassment for more details.)

As part of its commitment to equal opportunity, the College is committed to complying with the requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act by providing reasonable accommodation to qualified individuals with disabilities. (See separate Section 504 and Americans with Disabilities Act Accommodation Policy for more details.)

Additionally, as part of its commitment to equal opportunity, the College is committed to providing reasonable accommodations to employees and students who sincerely held religious belief, practice, or observance conflicts with a work, education, or other College requirement, unless doing so would create an undue hardship on the College or would alter requirements essential to the instruction being provided or licensing being pursued. Harassment and retaliation are contrary to the values of Methodist College, and it is the policy of the College to provide a workplace and learning environment free from unlawful and improper harassment by

management, employees, students or any other third parties. Preventing harassment and retaliation, as well as other disrespectful conduct, is the responsibility of all members of the Methodist College community.

Harassment is considered a serious act of misconduct and will subject the perpetrator to corrective action, which may include without limitation mandatory counseling, or disciplinary action, which could include without limitation, suspension without pay, termination, or expulsion. Similarly, Methodist College may modify or terminate its relationships with clients and vendors when their representatives engage in harassment in violation of this policy.

Methodist College will not tolerate any act of bullying, including cyber bullying.

### **Retaliation**

Methodist College prohibits retaliation against anyone for reporting discrimination, harassment or retaliation, assisting in making a complaint, cooperating in an investigation, or otherwise exercising their rights or responsibilities under this policy. The College also prohibits retaliation against anyone because he/she is closely associated with someone who reported, assisted, or cooperated with a discrimination, harassment or retaliation complaint or investigation.

Methodist College will take strong responsive action if retaliation occurs. Retaliation prohibited by this policy includes, but is not necessarily limited to, disparaging comments, uncivil behavior, or other negative treatment. Persons who believe they have been retaliated against in violation of this policy should make a complaint in the manner set forth in the next section. Methodist College takes reports of harassment seriously. How the College responds depends upon a variety of factors, including the wishes of the victim, the facts and circumstances of the specific incident, to whom it was reported, and the College’s obligations under applicable federal and state laws.   - iii. "Sexual Assault with an Object" is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.
  - iv. "Fondling" is the touching of the private body parts of another person for the

- purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
- v. “Incest” is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by Illinois law.
  - vi. “Statutory Rape” is sexual intercourse with a person who is under the statutory age of consent as defined by Illinois law.
- e. “Stalking” is engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - i. Fear for their safety or the safety of others; or
    - ii. Suffer substantial emotional distress.
  - f. “Consent” refers to words or actions that a reasonable person in the perspective of the Respondent would understand as agreement to engage in the sexual conduct at issue. A person who is Incapacitated is not capable of giving Consent.
  - g. “Incapacitated” refers to the state where a person does not appreciate the nature or fact of sexual activity because of drugs or alcohol consumption, medical condition, or disability, or due to a state of unconsciousness or sleep.
  - h. “Retaliation” is intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX and its implementing regulations or because an individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy.
  - i. “Complainant” means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.
  - j. “Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.
  - k. “Formal Complaint” means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the College investigate the allegation of Sexual Harassment in accordance with this Policy. At the time of filing a Formal Complaint, a Complainant must be participating in or attempting to participate in the College’s Education Programs and Activities. A “document filed by a Complainant” means a document or electronic submission (such as an email) that contains the Complainant’s physical or electronic signature or otherwise indicates that the Complainant is the person filing the Complaint.
  - l. “Supportive Measures” are non-disciplinary, non-punitive individualized services offered, as appropriate, and reasonably available, and without fee or charge, that are designed to restore or preserve equal access to the College’s Education Programs and Activities without unreasonably burdening another party, including measures designed to protect the safety of all parties implicated by a report or the College’s education environment, or to deter Sexual Harassment. Supportive measures may include: counseling, extensions of academic or other deadlines, course-related adjustments, modifications to work or class schedules, campus escort services, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of campus, other changes to academic, living, dining, transportation, and working situations, honoring an order of protection or no contact order entered by a State civil or criminal court, and other similar measures. Supportive Measures may also include mutual restrictions on contact between the parties implicated by a report.
  - m. “Education Programs and Activities” refers to all the operations of the College,

including, but not limited to, in-person and online educational instruction, employment, research activities, extracurricular activities, athletics, residence life, dining services, performances, and community engagement and outreach programs. The term applies to all activity that occurs on campus or on other property owned or occupied by the College. It also includes off-campus locations, events, or circumstances over which the College exercises substantial control over the Respondent and the context in which Sexual Harassment occurs, including Sexual Harassment occurring in any building owned or controlled by a student organization that is officially recognized by the College.

Sexual Harassment and retaliation are contrary to the values of Methodist College, and it is the policy of the College to provide a workplace and learning environment free from unlawful and improper harassment by management, employees, students or any other third parties. Preventing sexual harassment and retaliation, as well as other disrespectful conduct, is the responsibility of all members of the Methodist College community.

Sexual Harassment is considered a serious act of misconduct and will subject the perpetrator to corrective action, which may include without limitation mandatory training, or disciplinary action, which could include without limitation, suspension without pay or termination or expulsion.

Similarly, Methodist College may modify or terminate its relationships with clients and vendors when their representatives engage in harassment in violation of this policy.

Violations of this policy must be reported as soon as possible to designated personnel as stated in this policy. Every effort will be made to respond to reports of perceived prohibited conduct (“concerns”) in an adequate, reliable, impartial and timely manner. If anyone feels that the College has not met its obligations under this policy, that person should contact the Title IX Coordinator.

### **Prohibited Conduct**

In determining whether a hostile environment exists, the College will consider the totality of circumstances, including factors such as the actual impact the conduct has had on the Complainant; the nature and severity of the conduct at issue; the frequency and duration of the conduct; the relationship between the parties (including accounting for whether one individual has power or authority over the other); the respective ages of the parties; the context in which the conduct occurred; and the number of persons affected. The College will evaluate the totality of circumstances from the perspective of a reasonable person in the Complainant’s position.

- A. Sexual Harassment: As part of the above-stated policy, no staff, student, faculty member or other individual participating in our College community may sexually harass another individual. Any of the following conduct based on sex constitutes sexual harassment when occurring in the College’s education program or activity in the United States:
  - a. Conditioning an educational benefit or service upon a person’s participation in unwelcome sexual conduct (often called “quid pro quo” harassment)
  - b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school’s education program or activity; or
  - c. Sexual assault, dating violence, domestic violence, or stalking.
  - d. Note: Please see policy A-103 for detailed grievance procedures regarding allegations of all other forms of harassment.

- B. Some Forms of Prohibited Sexual Harassment

- a. Sexual violence/assault is a prohibited form of sexual harassment. Sexual violence/assault includes physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity, because he or she is below the minimum age of consent in the applicable jurisdiction, or due to use of drugs and/or alcohol. Some examples of sexual violence/assault include rape, sexual battery, and sexual coercion.
- b. The following crimes can also constitute sexual harassment when motivated by a person's sex:
  - i. Domestic Violence (referred to as "Domestic Battery" under Illinois criminal statutes). A person commits domestic battery if he or she knowingly without legal justification by any means: (1) causes bodily harm to any family or household member; (2) makes physical contact of an insulting or provoking nature with any family or household member. "Family or household members" include spouses, former spouses, parents, children, stepchildren, and other person related by blood or by present or prior marriage, persons who share or formerly shared a common dwelling, persons who share or allegedly share a blood relationship through a child, persons who have had a dating or engagement relationship, persons with disabilities and their personal assistants, and caregivers. *See* 720 Ill. Comp. Stat. 5/12-0.1 and 5/12-3.2.
  - ii. Dating Violence. Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. Such a relationship is characterized by the expectation of affection or sexual involvement between the parties. The existence of such a relationship shall be determined based on a consideration of the (1) length of the relationship, (2) type of relationship, and (3) frequency of interaction between the persons involved in the relationship.
  - iii. Stalking. Under 720 Ill. Comp. Stat. 5/12-7.3, a person commits stalking when he or she:
    1. Knowingly engages in a course of conduct directed at a specific person, and he or she knows or should know that this course of conduct would cause a reasonable person to:
      - a. Fear for his or her safety or the safety of a third person; or
      - b. Suffer other emotional distress.
    2. Knowingly and without lawful justification, on at least 2 separate occasions, follows another person or place the person under surveillance or any combination thereof: and
      - a. At any time transmits a threat of immediate or future bodily harm, sexual assault, confinement or restraint and the threat is directed towards that person or a family member of that person; or
      - b. Places that person in reasonable apprehension of immediate or future bodily harm, sexual assault, confinement or restraint to or of that person or a family member of that person.
    3. Previously has been convicted of stalking another person and

### C. Consent

knowingly and without lawful justification on one occasion:

- a. Follows that same person or places that same person under surveillance; and

- b. Transmits a threat of immediate or future bodily harm, sexual assault, confinement or restraint to that person or a family member of that person.
- i. Domestic violence, dating violence, and stalking are violations of this policy even when such conduct is not motivated by sex.
  - a. Lack of consent is a critical factor in determining whether sexual violence/assault has occurred. Consent is informed, freely given, and mutually understood. Consent requires an affirmative act or statement by each participant. Consent is not passive.
    - i. Silence or lack of physical or verbal resistance does not imply consent.
    - ii. If coercion, intimidation, threats, and/or physical force are used, there is no consent.
    - iii. Consent cannot be inferred from a person's manner of dress.
    - iv. Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
    - v. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.
    - vi. Consent to past sexual activity does not constitute consent to future sexual activity.
    - vii. Consent can be withdrawn at any time. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he or she withdraws consent. When consent is withdrawn, sexual activity must immediately stop.
    - viii. Being in a romantic relationship with someone does not imply consent to sexual activity. Even in the context of an ongoing relationship, consent must be sought and freely given for each specific sexual act.
    - ix. Effective consent may not exist when there is a disparity in power between the parties (e.g., faculty/student, supervisor/employee).
    - x. A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:
      - 1. The individual is incapacitated due to drug or alcohol consumption, either voluntarily or involuntarily.
      - 2. The individual is unconscious, asleep, or otherwise unaware that sexual activity is occurring.
      - 3. The individual is below the minimum age of consent in the applicable jurisdiction (17 years in Illinois).
      - 4. The individual has a mental disability that impairs his or her ability to provide consent.
  - b. If coercion\*, intimidation, threats, and/or physical force are used, there is no consent; a person's lack of verbal resistance or submission resulting from the use or threat of force does not constitute consent.
    - i. Coercion is direct or implied threat of danger, hardship, or retribution sufficient to persuade a reasonable person to engage in sexual activity in which they otherwise would not engage or to which they otherwise would not submit. Coercion is different from seductive behavior based on the type of pressure someone uses to get another to engage in sexual activity. A person's words or conduct cannot amount to coercion unless they wrongfully impair the other's free will and ability to choose whether to engage in sexual activity. Coercion can include unreasonable and sustained pressure for sexual activity. When someone makes clear

- to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive; once a person has made it clear that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, you should be absolutely clear that they have changed their mind and are consenting before proceeding in sexual activity with them.
- ii. If a person is mentally or physically incapacitated or impaired by alcohol or drugs such that the person cannot understand the fact, nature, or extent of the sexual situation, there is no consent. Warning signs of when a person may be incapacitated due to drug and/or alcohol use include slurred speech, falling, passing out, and vomiting.
  - iii. If a person is asleep or unconscious, there is no consent.
  - iv. A person who is underage in the applicable jurisdiction cannot provide consent to sexual activity.
    - v. Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
    - vi. Consent to past sexual activity does not imply consent to future sexual activity
    - vii. Dressing in a certain manner does not constitute consent
    - viii. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another
    - ix. Consent can be withdrawn. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he or she withdraws consent.
- c. Incapacitation is a state where an individual cannot make an informed and rational decision to consent to engage in sexual contact because the individual lacks conscious knowledge of the nature of the act (e.g., to understand the “who, what, where, when, why or how” of the sexual interaction) and/or is physically or mentally helpless. An individual is also considered incapacitated, and therefore unable to give consent, when asleep, unconscious, or otherwise unaware that sexual contact is occurring.
- i. Incapacitation can only be found when the Respondent knew or should have known that the Complainant was incapacitated when viewed from the position of a sober, reasonable person. One’s own intoxication is not an excuse for failure to recognize another person’s incapacitation.
  - ii. Incapacitation may result from the use of alcohol and/or other drugs; however, consumption of alcohol or other drugs, inebriation, or intoxication alone are insufficient to establish incapacitation. Incapacitation is beyond mere drunkenness or intoxication. The impact of alcohol or drugs varies from person to person, and evaluating incapacitation requires an assessment of how consumption of alcohol and/or drugs impacts an individual’s:
    1. Decision-making ability
    2. Awareness of consequences
    3. Ability to make informed judgments
    4. Capacity to appreciate the nature of circumstances of the act.
  - iii. No single factor is determinative of incapacitation. Some common signs that someone may be incapacitated include slurred speech, confusion, shaky balance, stumbling or falling, vomiting, and unconsciousness.

#### D. Retaliation

- a. Methodist College prohibits retaliation against anyone for reporting discrimination, harassment or retaliation, assisting in making a complaint, cooperating in an investigation, or otherwise exercising their rights or responsibilities under this policy. The College also prohibits retaliation against anyone because he/she is closely associated with someone who reported, assisted, or cooperated with a discrimination, harassment or retaliation complaint or investigation.
- b. Methodist College will take strong responsive action if retaliation occurs. Retaliation prohibited by this policy includes, but is not necessarily limited to, disparaging comments, uncivil behavior, or other negative treatment. The exercise of rights protected under the First Amendment does not constitute retaliation. Persons who believe they have been retaliated against in violation of this policy should make a complaint in the manner set forth in the next section. All institutional sanctions are available for those found to have engaged in retaliatory conduct, up to and including termination or expulsion.

### **Reporting Concerns of Prohibited Harassment and Retaliation**

- A. Methodist College takes reports of sexual misconduct seriously. How the College responds depends upon a variety of factors, including the wishes of the complainant, the facts and circumstances of the specific incident, to whom it was reported, and the College's obligations under applicable federal and state laws.
- B. Reports may be made by complainants, third parties, witnesses, or bystanders, there are various reporting and confidential disclosure options available to students and employees of the College community to enable them to make informed choices about where to turn should they experience sexual misconduct. This section provides information about options for disclosure and reporting an incident.
  - a. Electronic Reporting
 

Anyone who has experienced conduct prohibited by this policy is encouraged to make a report. Those who have experienced such conduct should understand that some employees at the College, (those designated as "responsible employees" as indicated below), have an obligation to report concerns to the Title IX Coordinator or a Deputy Coordinator. Within 12 hours of receiving an electronic report, the College will respond to the reporter through verbal, written, or electronic communication.

 Director, Office of Access, Support, and Inclusion Services  
 (309) 282-8451 #W160  
[ReportTitleIX@methodistcol.edu](mailto:ReportTitleIX@methodistcol.edu)
  - b. Anonymous and Third-Party Reporting
    - i. The College encourages victims of sexual misconduct to talk to someone to ensure their health and wellbeing. The College provides anonymous reporting for victims who do not wish to be identified. Methodist College has anonymous reporting option through this link: [Anonymous Reporting](#)
    - ii. Anonymous reports will be accepted by the College and supportive measures will be offered to complainants (if known), but a formal complaint cannot be submitted anonymously.
    - iii. Visitors, bystanders, and third parties may make a report by contacting the Title IX Coordinator or a Deputy Title IX Coordinator.

c. Responsible Employees

- i. “Responsible employees” are those employees who are designated as “officials with authority to take corrective action”. Employees who hold a title of “Dean”, “Vice Chancellor”, or “Chancellor” are considered responsible employees under this policy and must report conduct prohibited by this policy to the Title IX Coordinator or Deputy. All other employees who do not hold a title of “Dean”, “Vice Chancellor”, or “Chancellor” and who are not the Title IX Coordinator or Deputy must not report conduct prohibited by this policy unless given consent by the reporter.
- ii. Before a person reveals information that he/she may wish to keep confidential, a responsible employee should make every effort to ensure the person understands:
  1. The employee’s obligation to report the names of the accused individual and person involved in the accused sexual violence as well as relevant facts regarding the accused incident (including the date, time and location) to the Title IX Coordinator or other appropriate school official
  2. The person’s option to request that the school maintain his or her confidentiality, which the school (e.g., Title IX Coordinator) will consider, and
  3. The person’s ability to share the information confidentially with counseling, advocacy, mental health, or sexual-assault-related services.
- iii. Responsible employees are required to report all information, including the survivor/victim’s name and incident details, to the Title IX Coordinator or Deputy.

C. Content of a Report & Timing

- a. So that the College has sufficient information, a report being made for purposes of an investigation should include as much information as possible, such as: (1) the date(s) and time(s) of the alleged conduct; (2) the names of all person(s) involved in the alleged conduct, including possible witnesses; (3) all details outlining what happened; and (4) contact information for the complainant so that the College may follow up appropriately.
- b. The College encourages persons to make reports as soon as possible because late reporting may limit the College’s ability to investigate and respond to the conduct complained of.

D. Information Provided to the Complainant and Respondent

A complainant who makes a claim of sexual violence/assault, domestic violence, dating violence, or stalking to the College will be given a copy of the document titled “Rights and Options After Filing a Complaint Under the College’s Sexual Harassment Policy.” This document provides information about this policy and the procedures used to investigate and resolve complaints of this nature, possible supportive measures that may be available, options for filing complaints with the local police, and resources that are available on campus and in the community, as well as other pertinent information. A person against whom a complaint has been filed will also be given similar information about the process and resources.

E. Conduct that Constitutes a Crime

- a. Any person who wishes to make a complaint that also constitutes a crime— including

sexual violence/assault, domestic violence, dating violence, or stalking— is encouraged to make a complaint to local law enforcement. If requested, the College will assist the complainant in notifying the appropriate law enforcement authorities. In the event of an emergency, please contact 911. A victim may decline to notify such authorities.

- b. For more information regarding the option to pursue a criminal complaint, contact:  
**Peoria Police 600 SW Adams**  
**Peoria, IL 61602**  
**(309) 673-4521**
- c. Whether or not criminal charges are filed, the College will initiate an investigation as provided in this Policy where appropriate. The “Requesting Confidentiality to a Non-Confidential Source” Section below includes additional information regarding requests for confidentiality or requests that no investigation be conducted. Any pending criminal investigation or criminal proceeding may have some impact on the timing of the College's investigation, but the College will commence or resume its own investigation as soon as is practicable under the circumstances. The College reserves the right to commence and/or complete its own investigation prior to the completion of any criminal investigation or criminal proceeding. The College also may, in some circumstances, be required by law enforcement to defer the fact-finding portion of its investigation for a limited time while law enforcement gathers evidence. In such cases, the Title IX Coordinator shall inform the parties of the need to defer the College’s fact-finding, provide regular updates on the status of the investigation and notify the parties when the College’s fact-finding resumes. During this time period, the College will take any additional measures necessary to protect and support the parties and the College community. The College’s authority to sanction members of the College community applies only to the violation of College rules, policies and procedures.
- d. Because the standards for finding a violation of criminal law are different from the standards for finding a violation of Sexual Assault, Dating Violence, Domestic Violence, or Stalking under this Policy, criminal investigations or reports are not determinative of whether Sexual Assault, Dating Violence, Domestic Violence, or Stalking, for purposes of this Policy, has occurred. In other words, conduct may constitute Sexual Assault, Dating Violence, Domestic Violence, or Stalking under this Policy even if law enforcement agencies lack sufficient evidence of a crime and therefore decline to investigate or prosecute.

#### F. Amnesty

- a. The College recognizes that an individual who has engaged in behavior that may violate the College’s Student Code of Conduct may be hesitant to report instances of sexual harassment, including sexual violence/assault. To encourage reporting, the College will grant immunity to any student who reports, in good faith, an alleged violation of this policy to the Title IX Coordinator or other employee. The reporting student will not receive a disciplinary sanction by the College for a conduct violation, such as under aged drinking, that is revealed in the course of such a report, unless the College determines that the violation was egregious, including without limitation, an action that places the health and safety of any other person at risk.
- b. Notwithstanding the College’s commitment to amnesty in these situations, the College may require the reporting individual to attend a course or pursue other

educational interventions related to alcohol and drug use. Further, this amnesty provision does not prevent action by police or other legal authorities against an individual who has illegally consumed alcohol or drugs or otherwise violated the law.

#### G. Special Guidance Concerning Complaints of Sexual Violence/Assault, Domestic Violence, Dating Violence, and Stalking

If you are the victim of sexual violence/assault, domestic violence, or dating violence:

- a. Do not blame yourself. These crimes are never the victim's fault.
- b. Recommend you immediately go to the emergency room of a local hospital and contact local law enforcement, in addition to making a prompt complaint under this policy.
- c. Do everything possible to preserve evidence by making certain that the crime scene is not disturbed. Preservation of evidence may be necessary for proof of the crime or in obtaining a protection order.
- d. Should not bathe, urinate, douche, brush teeth, or drink liquids until after they are examined and, if necessary, a rape examination is completed.
- e. Clothes should not be changed.
- f. Write down as much as you can remember about the circumstances, including description of assailant. Save any electronic communications with the assailant.
- g. It is also important to take steps to preserve evidence in the form of letters, emails, text messages, social media posts, etc. These types of evidence are valuable in all situations, and they may be the only types available in instances of stalking.
- h. Contact a trusted person, such as a friend or family member for support.
- i. When necessary, seek immediate medical attention at an area hospital and take a full change of clothing, including shoes, for use after a medical examination. Medical forensic examinations are completed at no cost to the survivor.
- j. The nearest emergency department is:

#### H. Confidential Reporting

- a. The College recognizes that individuals who feel they have been victims of Sexual Assault, Dating Violence, Domestic Violence, or Stalking may require time and support in considering whether or how to participate in any College or law enforcement process. The College also recognizes that individuals who have been accused of Sexual Assault, Dating Violence, Domestic Violence, or Stalking may also require support. There are confidential resources on campus and in the community available to any individual who needs support or assistance.
- b. On-Campus Confidential Advisors
  - i. Individuals wishing to obtain confidential assistance without making a report to the College may speak with one of the College's confidential advisors. Confidential advisors are available to discuss incidents or accusations of Sexual Assault, Dating Violence, Domestic Violence, or Stalking with both Complainants and Respondents in confidence, and provide emotional support in a safe and confidential space.
  - ii. Confidential advisors generally only report to the College that an incident is alleged to have occurred without revealing any personally identifying

information.

- iii. Disclosures to confidential advisors **will not** trigger the College's investigation into an incident.
  - iv. All of the College's confidential advisors shall receive forty hours (40) of initial training regarding sexual violence and participate in six (6) hours of annual continuing education thereafter. In addition to providing confidential counseling, confidential advisors also provide emergency and ongoing support to individuals who have experienced or been accused of Sexual Assault, Dating Violence, Domestic Violence, or Stalking including:
    1. Providing information regarding the individual's reporting options and possible outcomes, including making a report or a Formal Complaint under this Policy and notifying local law enforcement;
    2. Providing information about available resources and services, including but not limited to services available on campus and through community-based resources such as sexual assault crisis centers, medical treatment facilities, counseling services, legal resources, medical forensic services and mental health services;
    3. Providing information regarding orders of protection, no contact orders or similar lawful orders issued by the College or a criminal or civil court;
    4. An explanation of the individual's right to have privileged, confidential communications with the confidential advisor consistent with applicable law;
    5. Upon request and as appropriate, providing assistance in contacting campus officials, community-based sexual assault crisis centers, campus security, and/or local law enforcement; and/or
    6. Upon request, aiding with securing Supportive Measures and accommodations.
- c. Confidential Resources in the Community
- i. The following off-campus agencies also employ individuals available to assist members of the College community with issues relating to Sexual Assault, Dating Violence, Domestic Violence, or Stalking in confidence. Disclosures to these entities *will not* trigger the College's investigation into an incident. Please note that limitations of confidentiality may exist for individuals under the age of 18.
    1. National Sexual Assault Telephone Hotline: (800) 656-HOPE (4673)
    2. State of Illinois Domestic Violence Hotline: (877) 863-6338
    3. Center for Prevention of Abuse 720  
W. Joan Court  
Peoria, IL 61614  
(800) 559-7233; 24-hour hotline
  - ii. Once a complaint of sexual violence/assault, domestic violence, dating violence, or stalking is made to the College, the complainant has several options such as, but not limited to:
    1. contacting parents or a relative
    2. seeking legal advice
    3. seeking personal counseling (always recommended)
    4. pursuing legal action against the perpetrator

5. pursuing disciplinary action through the College
6. requesting that no further action be taken
7. requesting further information about the College's policy and procedures for addressing this type of conduct
8. requesting further information about available resources
9. While the College encourages all good faith reports of concerns, the College has the responsibility to balance the rights of all parties. Therefore, if the College's investigation reveals that a complaint was knowingly false, the complaint will be dismissed and the person who filed the knowingly false complaint may be subject to discipline.

I. Responsibilities of the Title IX Coordinator

The Title IX Coordinator's responsibilities include overseeing all Title IX complaints and identifying and addressing any patterns or systemic problems that arise during the review of such complaints. The Title IX Coordinator also assists the College community in understanding this policy, is available to answer questions about the policy, directs individuals to available resources both off campus and in the community, and ensures appropriate training and educational programming is implemented.

J. Other Matters Related to the Investigation of a Report

a. Implementing Supportive Measures After a Report has been Filed

- i. The College will provide supportive measures to the complainant party involved in the alleged incident whether or not the complainant decides to proceed with a formal complaint. Supportive measures are individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the respondent party while designed to ensure equal educational access, protect safety, and/or deter sexual harassment. This may include counseling services, deadline extensions, modifications to work or class schedules, campus escorts, change in housing assignment, increased security monitoring, or mutual restrictions on contact.
- ii. Requests to change an academic, living, dining, transportation, or work situation, or for any other supportive measure (such as a no-contact order), should be made to the Title IX Coordinator. In the event such a measure is implemented, the College will maintain it as confidential to the extent that maintaining confidentiality would not impair the College's ability to provide it. The Title IX Coordinator will communicate with each party throughout the investigation to ensure supportive measures remain necessary and effective.
- iii. If a complainant has obtained an ex parte order of protection, full order of protection, or any other temporary restraining order or no contact order against the alleged perpetrator from a criminal, civil, or tribal court, the complainant should provide such information to the Title IX Coordinator and Methodist College Campus Safety. The College, in conjunction with Methodist Security, will take all reasonable and legal action to implement the order.

b. Investigation and Confidentiality

- i. All reported concerns will be promptly and thoroughly investigated in accordance with the Grievance Procedures, and the College will take disciplinary action where appropriate. The College will make reasonable and appropriate efforts to preserve an individual's privacy and protect the confidentiality of information when investigating and resolving a complaint. While the College cannot guarantee confidentiality, the College will not

disclose the identity of the complainant or respondent, except as necessary to resolve the complaint or to implement supportive measures or when provided by State or federal law.

- ii. In the event a complainant requests to remain anonymous or chooses not to file a formal complaint, the College will typically not investigate the allegation. However, the College reserves the right to initiate an investigation despite a complainant's request for confidentiality in limited circumstances involving serious or repeated conduct or where the alleged perpetrator may pose a continuing threat to the College community.
- iii. Note that certain types of sexual misconduct are considered crimes for which the College must disclose crime statistics in its Annual Security Report that is provided to the campus community and available to the public. These disclosures will be made without including personally identifying information.

#### K. Resolution

If a reported Concern is found to be substantiated, the College will take appropriate corrective and remedial action to prevent the recurrence of the conduct and correct its discriminatory effects. Students and employees found to be in violation of this policy will be subject to discipline up to and including mandatory training, written reprimand, probation, suspension, demotion, termination, or expulsion. Affiliates and program participants may be removed from College programs and/or prevented from returning to campus. Remedial steps may also include counseling, academic, living, dining, transportation, or work accommodations, separation of the parties, and training for the respondent and other persons.

### **Grievance Procedure**

These procedures apply to concerns raised by any member of the College community as well as others that participate in the College's programs and activities, including third-party visitors on campus.

#### A. Identifying the Investigator(s)

Once a formal complaint has been reported to the Title IX Coordinator, an investigation will be commenced. The Title IX Coordinator, or designee(s) appointed by the Title IX Coordinator, will lead the investigation and may consult with appropriate College officials and/or legal counsel as appropriate. If the Concern is with respect to conduct of the Chancellor of Methodist College, the investigation shall be coordinated and resolved by the Chair of the Board of Directors.

#### B. Preliminary Matters Regarding the Investigation

- a. After receiving a report under "Reporting Sexual Harassment," the Title IX Coordinator will conduct a preliminary assessment to determine:
  - i. Whether the conduct, as reported, falls or could fall within the scope of this Policy (see "Scope"); and
  - ii. Whether the conduct, as reported, constitutes or could constitute Sexual Harassment.
- b. The complainant must be participating in or attempting to participate in the education program or activity of Methodist College at the time the complaint is filed.
- c. All formal complaints will be investigated in an adequate, reliable, impartial and timely manner by the appropriate Methodist College official. The goal is to have the

investigation completed within sixty (60) calendar days. However, if the nature of the investigation requires a longer period, the complainant and the respondent will be given periodic updates concerning the status of the investigation. Parties will have equal rights during the investigation. Any real or perceived conflicts of interest between investigators or the decision-maker(s) and the parties should be disclosed. If an involved College official determines that he or she cannot apply the Grievance Procedures fairly and impartially because of the identity of a complainant, respondent, or witness, or due to any other conflict of interest, another appropriate individual will be designated to administer the procedures.

- d. The investigation will utilize the preponderance of the evidence standard; that is, whether it is more likely than not that the alleged conduct occurred.
- e. Both parties will have the opportunity to have an advisor accompany him or her at all stages of the process. If either party does not supply their own advisor one will be supplied free of charge by Methodist College. The advisor will not take an active role in any interviews or meetings but will conduct the cross-examination on behalf of the complainant or respondent during the live hearing. The advisor must agree to maintain the confidentiality of the process. An advisor may be removed if he or she becomes disruptive, harasses or intimidates others involved in the process, or does not abide by the limitations discussed in the previous sentence. Additionally, the College is not required to allow a particular advisor to be involved in the process if it would cause undue delay of any meeting with the investigator. An advisor will be asked to sign an affirmation that he or she understands his or her role in the process.
- f. Some conduct covered by this policy may also constitute criminal conduct, and the complainant is encouraged, but not required, to file a report with the appropriate law enforcement authorities. If requested, the College will assist the complainant in doing so. The pendency of a criminal investigation, however, does not relieve the College of its responsibilities under the law. Therefore, to the extent doing so does not interfere with any criminal investigation, the College will proceed with its own investigation and resolution of complaint.
- g. A case will be dismissed if
  - i. the conduct does not meet the definition of sexual harassment as defined in this policy
  - ii. the conduct did not occur in the College's education program or activity,
  - iii. the conduct did not occur in the United States, or
  - iv. the respondent is no longer employed and/or enrolled at Methodist College. Such a dismissal does not preclude action under another provision such as the student code of conduct and does not eliminate the complainant's right to supportive measures.

### C. Interim Removal

- a. At any time after receiving a report of Sexual Harassment, the Title IX Coordinator may remove a student Respondent from one or more of the College's Education Programs and Activities on a temporary basis if an individualized safety and risk analysis determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment justifies removal. In the event the Title IX Coordinator imposes an interim removal, the Title IX Coordinator must offer to meet with the Respondent within twenty- four hours and provide the Respondent an opportunity to challenge the interim removal.
- b. In the case of a Respondent who is a non-student employee (administrator, faculty, or

staff), and in its discretion, the College may place the Respondent on administrative leave at any time after receiving a report of Sexual Harassment, including during the pendency of the investigation and adjudication process (see “Investigation” and “Adjudication”).

- c. For all other Respondents, including independent contractors and guests, the College retains broad discretion to prohibit such persons from entering onto its campus and other properties at any time, and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

#### D. Informal Resolution

- a. Informal means of resolution, such as mediation, may be used in lieu of the formal investigation procedure described below. The following standards apply to any informal resolution method that is utilized:
- b. The informal process can only be used with both parties’ voluntary cooperation after receiving a full disclosure of the allegations and their options for formal resolution, and with appropriate involvement by the institution (e.g., the Title IX Coordinator).
- c. The complainant will not be required to “work out” the problem directly with the respondent.
- d. Either party may terminate the informal process at any time prior to agreeing to a resolution and elevate the complaint to or continue with the formal investigation procedures described below.
- e. With the agreement of the parties involved and the College, a complaint may be informally resolved at any stage of these procedures.
- f. If informal resolution is reached, it will be documented in writing and signed by both parties. Because informal resolution is a voluntary and mutually agreeable process, a resolution reached via informal means cannot be appealed.
- g. Informal resolution is not an option to resolve allegations against an employee.

#### E. Initial Evaluation of the Complaint and Notification to the Parties

- a. When a report is made, the Title IX Coordinator (or designee) will meet with the complainant and evaluate whether the report falls within the scope of this policy. If it does not fall under the policy, the complainant will be so informed. In such situations, other college procedures may be applicable to the conduct complained of.
- b. If it is determined that the complaint is covered by the policy supportive measures will be immediately offered to the complainant. Prior to the commencement of the investigation, a prompt written notice will be provided to the respondent and complainant of the allegations constituting a potential violation of the policy, including identities of the parties involved, the specific section of the policy allegedly violated, the precise conduct constituting the potential violation, and the date(s) and location(s) of the alleged incident.
- c. In addition, the complainant and the respondent shall (i) receive notice of the individual(s) with authority to make a finding or impose a sanction at the conclusion of the investigation, (ii) can request a substitution if the participation of an individual with authority to make a finding or impose a sanction poses a conflict of interest, and (iii) receive notice of their right to an advisor of their choice. If either party does not have an advisor Methodist College will supply an advisor at no charge.
- d. Respondents are presumed not responsible under this policy until the conclusion of the grievance process.

## F. Formal Investigation

- a. After the written notice has been sent to both parties, the investigator will commence an investigation of a complaint as soon as practicable, but not later than seven (7) calendar days after the complaint is made. The purpose of the investigation is to gather information and collect evidence to be presented at the hearing. In certain narrow circumstances, the investigator may commence an investigation even if the complainant requests that the matter not be pursued. In such a circumstance, the investigator will take all reasonable steps to investigate and respond to the matter in a manner that is informed by the complainant's articulated concerns.
- b. During the investigation, the complainant will have the opportunity to describe his or her allegations and present supporting witnesses or other evidence. The respondent will have the opportunity to respond to the allegations and present supporting witnesses or other evidence. During the investigation, the investigator will provide an equal opportunity for the parties to be interviewed, to present witnesses (including fact and expert witnesses), and to present other inculpatory and exculpatory evidence. Notwithstanding the foregoing, the investigator retains discretion to limit the number of witness interviews the investigator conducts if the investigator finds that testimony would be unreasonably cumulative, if the witnesses are offered solely as character references and do not have information relevant to the allegations at issue, or if the witnesses are offered to render testimony that is categorically inadmissible, such as testimony concerning sexual history of the Complainant, as specified in "Sexual History." The investigator will not restrict the ability of the parties to gather and present relevant evidence on their own. Throughout the investigation, the parties will receive written notice in advance of any meetings so that they have sufficient time to prepare for meaningful participation. The investigator will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. All parties and witnesses involved in the investigation are expected to cooperate and provide complete and truthful information.
- c. At the conclusion of the evidence-gathering phase of the investigation, but prior to the completion of the investigation report, the Investigating Officer will transmit to each party and their advisor, in either electronic or hard copy form, all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including evidence the College may choose not to rely on at any hearing and inculpatory or exculpatory evidence whether obtained from a party or some other source. Thereafter, the parties will have ten (10) business days in which to submit to the investigator a written response, which the investigator will consider prior to completing the investigation report.
- d. The parties and their advisors are permitted to review the evidence solely for the purposes of this grievance process and may not duplicate or disseminate the evidence to the public.
- e. The preliminary written report will be updated with the parties' comments, if any, and will then be provided back to the parties at least ten (10) business days prior to the date of the hearing.

## G. Consolidation of Formal Complaints

The College may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more

Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances. Where the investigation and adjudication process involve more than one Complainant or more than one Respondent, references in this Policy to the singular “party,” “Complainant,” or “Respondent” include the plural, as applicable. A Formal Complaint of Retaliation may be consolidated with a Formal Complaint of Sexual Harassment.

#### H. Hearing

- a. Both parties and all witnesses will be given written notice of the date and time of the hearing at least ten (10) business days in advance.
- b. During the hearing each party’s advisor will ask questions and cross-examine the witnesses and other parties. Individuals will be present using remote video technology so as to not be physically present in the same room.
- c. The Decision-maker(s) will determine if each question is relevant before the party gives their answer. If the question is deemed irrelevant the decision-maker(s) will supply the rationale.
- d. If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility.
- e. The hearing is not a formal judicial proceeding and strict rules of evidence do not apply. The hearing officer will have discretion to modify the Hearing Procedures, when good cause exists to do so.
- f. Once the hearing has concluded, the decision-maker(s) will draft a written report, which will include information regarding appeal rights, regarding responsibility with the findings of fact, conclusions about whether the alleged conduct occurred, rationale for the result as to each allegation, any disciplinary sanctions imposed on the respondent and whether remedies will be provided to the complainant. If the decision- maker(s) determines that a policy violation occurred, it, in consultation with other College officials as needed, shall set forth in the report those steps necessary to maintain an environment free from discrimination and harassment and to protect the safety and well-being of the complainant and other members of the College community. Such actions will also include reasonable steps to correct the effects of such conduct on the complainant and others and to prevent the recurrence of discrimination, harassment, and retaliation. Examples of such action include: no-contact orders, classroom reassignment, the provision of counseling or other support services, training, and discipline for the perpetrator, including up to termination, expulsion, or other appropriate institutional sanctions.
- g. Methodist College will simultaneously send the written determination to the complainant and the respondent including appeal rights within seven (7) calendar days of the hearing’s conclusion.
- h. The decision shall be the final resolution of the matter subject only to the right of appeal set forth below.

#### Appeals from Decisions on Concerns

##### A. Basis for Appeal

- a. Either the complainant or the respondent may appeal decisions on concerns, including corrective action if any.
- b. Grounds for appeal are as follows:
  - i. A procedural error occurred that affected the outcome of the matter.

- ii. New information exists that would substantially change the outcome of the finding.
- iii. Title IX personnel had a conflict of interest or bias that affected the outcome of the matter.
- iv. The sanction is disproportionate with the violation.

B. Where and When to Bring an Appeal of a Concern

- a. The complainant or respondent may appeal a decision, including corrective action if any, to the Chancellor of the College, or Chancellor's designee, within, ten (10) business days of receiving notification of the prior decision, absent extenuating circumstances. The decision of the Chancellor of the College is final.
- b. In cases of resolution of a Concern against the Chancellor, complainant or respondent may seek reconsideration of the Chair of the Board's decision and the Chair may designate an individual or individuals to recommend a decision on reconsideration. The decision of the Chair's designee(s) on reconsideration is final.
- c. Appeals must be in writing and contain the following information:
  - i. Name, college address and e-mail address of complainant.
  - ii. Name, college address and e-mail address of respondent.
  - iii. A statement of all decisions, including corrective action if any, at all levels in the process.
  - iv. A detailed statement of the basis for the appeal including the specific facts and circumstances in support of the appeal.
  - v. Requested action, if any.
- d. When a party files an appeal, the non-appealing party will be notified in writing that an appeal has been filed.

C. Review of the Appeal

- a. The College official (i.e., Chancellor or her/his designee) acting on the appeal may take any and all actions which in his/her discretion she/he determines are in the interest of a fair and just decision, including upholding, reversing, or modifying any decision or corrective action. The complainant or respondent may request a meeting with the College official. However, the decision to grant a meeting is at the discretion of the College official. If one party is allowed to meet with the College official, the other party will be granted a similar opportunity.
- b. The College official will make her/his decision and notify the complainant, respondent, underlying decision maker and others on a need-to-know basis in writing within seven (7) business days of receiving the appeal, including a notification of any changes made to the previous decision. If a decision within that time frame is not practicable under the circumstances, both complainant and respondent will be given periodic status reports until the decision on the appeal is rendered.

D. General Matters

- a. These procedures will be implemented by officials who receive a minimum of 8-10 hours of training on an annual basis on the issues related to discrimination, harassment, sexual violence/assault, domestic violence, dating violence, and stalking and on how to investigative methods that protect the safety of victims and promotes accountability. The College shall have a sufficient number of individuals trained to resolve reports of concerns so that (i) a substitution can occur in the case of conflict or recusal and (ii) an individual or individuals with no prior involvement with the initial determination or finding may hear any appeal brought by a party.
- b. As necessary and when applicable, the College will contact and cooperate with law

enforcement in situations involving sexual violence/assault, dating violence, domestic violence, and stalking.

- c. Employees also are free to file a charge of discrimination regarding harassment with either the Illinois Department of Human Rights (IDHR) or the Equal Employment Opportunity Commission (EEOC). A charge must be filed with the IDHR within 180 days of the unlawful harassment. A charge must be filed with the EEOC within 300 days of the unlawful harassment. In either case, the deadline for filing such a Charge runs from the last date of unlawful harassment. Complaints also may be made to the Office of Civil Rights in the U.S. Department of Education.
- d. IDHR offices are in Springfield and Chicago and EEOC offices are in Chicago. Please see appropriate postings or contact Human Resources if additional assistance is needed in contacting either.
- e. Because the College recognizes that the prevention of Sexual Harassment, including Sexual Assault, Domestic Violence, Dating Violence, and Stalking, is important, it offers educational programming to a variety of groups such as: campus personnel; incoming students and new employees participating in orientation; and members of student organizations. Among other elements, such training will cover relevant definitions, procedures, and sanctions; will provide safe and positive options for bystander intervention; and will provide risk reduction information, including recognizing warning signs of abusive behavior and how to avoid potential attacks. The College's educational programming will comply with the Illinois Preventing Sexual Violence in Higher Education Act and any other applicable federal or state law. To learn more about education resources, please contact the Title IX Coordinator.
- f. The College will retain those records specified in 34 C.F.R. § 106.45(b)(10) for a period of seven years after which point in time they may be destroyed, or continue to be retained, in the College's sole discretion. The records specified in 34 C.F.R. § 106.45(b)(10) will be made available for inspection, and/or published, to the extent required by 34 C.F.R. § 106.45(b)(10) and consistent with any other applicable federal or state law, including FERPA.
- g. Words used in this Policy will have those meanings defined herein and if not defined herein will be construed according to their plain and ordinary meaning.
- h. The College retains discretion to interpret and apply this Policy in a manner that is not clearly unreasonable, even if the College's interpretation or application differs from the interpretation of the parties.

## **Campus Violence Prevention Plan**

The safety and security of the Methodist College campus and community are very important. Our students, employees, and visitors must be able to pursue their education, work, and other activities in a safe, non-threatening environment. To educate and empower all members of the College community, resources and procedures are in place to prevent, deter, and respond to concerns regarding acts of violence. Safety and prevention of violence is everyone's responsibility.

Violence is not tolerated. Methodist College is committed to a safe and secure environment for all employees, students, and visitors. Conduct that threatens the health or safety of any person or creates a reasonable fear that such a result will occur, including but not limited to: acts of violence, threats of violence, possession of weapon(s) on College-controlled property without proper written authorization, threatening behavior, and/or reckless disregard for the health or safety of any person are not acceptable conduct at Methodist College and will not be tolerated. Violation of this policy and/or the Code of Student Conduct will result in disciplinary action up to and including termination of employment and/or dismissal from the College.

The entire College community shares the responsibility for a safe and secure campus. Knowledge of violent acts or threats planned or carried out are to be reported to Chief of Campus Safety who will filter to appropriate departments as necessary. All non-emergencies should be reported to Campus Safety at (309) 672-4500. All emergencies should report to Campus Safety as well as calling 911.

Methodist College is a secured, locked campus with entry through card swipe doors. To keep the campus safe and secure, doors are not to be held open for unknown individuals. All visitors to Methodist College are to check in at the security window upon entering the college. Students, faculty and staff are to only use their personal ID card to enter the building. All card holders should swipe their badge upon entering the college even if a door is open as this allows for enhanced safety measures in the event of an emergency.

Violent behavior by anyone is not tolerated:

- A. On College property;
- B. At college-sponsored events;
- C. Fulfilling duties of a college student off-campus (such as work in the clinical setting);
- D. Engaging in any action having direct impact on the College community.

Violence is the use of physical force or activity that causes harm, damage, or abuse of an individual or property. This includes physical force and/or activity which causes mental anguish.

A threat is any statement or action, expressed or implied, that could cause a reasonable person to fear for the safety of him/herself, that of another person, and/or College property. Examples of threats include but are not limited to words or actions which intimidate; harassment; stalking or following someone with the intent to harass, intimidate, harm, or cause other malicious activity; and the use of communication mediums to threaten such as telephone, fax, electronic or conventional mail.

Weapons are not permitted on College-controlled property except for purposes of law enforcement and as specially authorized for the purposes of instruction, research, or service and as approved in

writing by the Chancellor. Prohibited weapons include but are not limited to any:

- A. firearm, firearm ammunition, BB gun, pellet gun, paintball gun, tear gas gun, taser, or other dangerous or deadly device of similar type
- B. knife with a blade of at least 3 inches in length (except an ordinary eating utensil), dagger, dirk, switchblade knife, stiletto, ax, hatchet, or other deadly or dangerous weapon or instrument of similar type
- C. bludgeon, blackjack, slingshot, sandbag, sand club, metal knuckles, billy club, throwing star, nunchaku, or other dangerous or deadly weapon of similar type
- D. bomb, bombshell, grenade, firework, bottle or other container containing an explosive, toxic, or noxious substance, unless under academic/classroom supervision, (other than an object containing a nonlethal noxious liquid, gas, or substance designed solely for personal defense possessed by a person 18 years of age or older)
- E. souvenir weapon or other weapon that has been rendered permanently inoperative; and any weapons outlined in the Illinois Compiled Statutes on Armed Violence (720 ILCS 5/33A-1, *et seq.*)

Students, faculty, staff, and visitors should address emergencies by calling 911 and Methodist College Campus Safety at (309) 672-4500.

The College has adopted procedures for responding to and addressing conduct that violates this policy and urges all students, employees and visitors to be alert to the possibility of violence on campus. As part of the College community, all students, employees, and visitors are responsible for reporting violence they experience or witness. As part of the College's Violence Prevention Policy, the College has adopted the following procedures and resources that students, employees, and visitors may use to prevent and address acts of violence, threats, and intimidation.

- A. Stop Immediate Threat or Harm – Report It
- B. You should call 911 for emergencies. Please do not ignore or disregard violence or threats against you or others – the College needs your assistance to make our campus safe.
- C. If you are experiencing or observing an immediate threatening or violent situation, you are responsible for alerting local enforcement as soon as you are able. Delaying your report may unnecessarily allow the behavior to continue, harm your own well-being, or jeopardize the investigation due to the passage of time, fading memories, or departure of witnesses.

As a member of the College community, you are also encouraged to report other behavior that is unusual or threatening even if you do not perceive the risk as immediately dangerous or imminent. To report other concerns that may not pose immediate threats, call Methodist College Safety at (309) 672-4500 or complete non-emergency [form](#).

If you have concerns over the conduct of a student, employee or visitor on campus, contact one:

- A. Campus Safety for immediate and general concerns
- B. The HR Manager for concerns related to employees
- C. The Director of Operations for concerns related to students
- D. In all cases, be sure to communicate that you feel the behavior involves violence or a violation of the College Violence Policy. Safety concerns should be reported verbally in emergent cases where time is of the essence. Less urgent concerns should be communicated via email or a formal written letter.
- E. If a director/dean receives a complaint that the College Violence Policy has been violated,

the director/dean is responsible for informing the College Chancellor. The director/dean should also coordinate with Methodist College Human Resources or the Dean of Student Experience as appropriate to make sure the complaint is addressed. If disciplinary action against the accused is required, such action shall be taken in accordance with the applicable contract, policy, or handbook for that person's classification.

Do not ignore a potentially violent situation. On the other hand, do not unnecessarily put yourself at risk of danger – call 911.

After a violent situation occurs, the affected employees, students, or families may often face difficulties in resolving their feelings and concerns. As situations are assessed, the Critical Incident Response Team can facilitate group discussions or debriefing sessions as needed for the affected area to provide some understanding of and closure to the situation. The affected students may access the Methodist College student counselor and the affected employees may access the Employee Assistance Program.

If you have an order of protection or restraining order that covers you while you are on campus, you should provide a copy of the order to the Campus Safety and Human Resources Department

In some cases, it may be reasonable for the College to take interim measures or impose restrictions on contact with persons who may be subject to a threat of violence. In addition, the College may also revoke permission of persons violating this policy from remaining on campus.

Methodist College, as part of its annual communication on safety, will inform individuals of this plan and its related procedures and resources. The plan will be made available online and as part of the Annual Campus Crime and Security Report ([www.methodistcol.edu](http://www.methodistcol.edu)). Notifications of the plan and testing will occur annually.

The College prohibits retaliation against persons who in good faith report violations of policy or cooperate in an investigation. The College also prohibits the filing of knowingly false or misleading reports and providing knowingly false or misleading information in an investigation. Discipline or other action can result from either of these acts of violation of policy.

Resources are available at:

- A. **College Campus Safety:** (309) 672-4500
- B. **Emergency Management Plan:** The purpose of the Methodist College Emergency Management Plan is to define the program to respond effectively to events that pose an immediate danger to the health and safety of students, staff, faculty, and visitors. The Emergency Plans consists of several procedures designed to respond to those situations most likely to disrupt the normal operations of the campus-sponsored activities and return them to a normal status. Each response is designed to assure availability of resources for the continuation of student learning and collegiate business care during an emergency.
  - a. **Scope:** The Emergency Management Program is designed to assure appropriate, effective response to a variety of emergency situations that could affect the safety of students, Methodist patients, staff, faculty and visitors, or the environment of the College or within Carle Health or adversely impact the hospital's ability to provide healthcare services to the community. The program is also designed to assure compliance with applicable codes and regulations. For further scope

- information, see the Methodist College Response Guide via the college website.
- b. Emergency Notification System: Campus Safety, the Chancellor, Executive Leadership Team or the Director of Operations will activate overhead paging in the event of an impending emergency. Campus Safety or designee will activate the School Cast system notifying the Methodist College community of the emergency.
  - c. Sexual Assault Prevention and Survivor Services: Methodist College is committed to maintaining an environment conducive to the continued intellectual and social development of its students. A campus community of mutual respect and concern is established through the active efforts of all its members. Methodist College maintains a proactive stance in the prevention of sexual assault/abuse and imposes strict sanctions against those found responsible for committing such acts. Sexual assault/abuse will not be tolerated. Victims of sexual assault/abuse will be provided the active support and intervention needed to support their continued progress on academic and career goals. Victims of sexual assault should contact the Title IX Coordinator. Information is available on the website.

The College is committed to:

- A. Providing educational programs which promote awareness of sexual assault/abuse and target prevention of such acts.
- B. Informing students of available services both within the College and surrounding community and facilitating their decision-making in regard to recovery needs.
- C. Encouraging and assisting in the reporting of sexual assault/abuse to the appropriate law enforcement authority.
- D. Upon request, reviewing available options for modifying academic environments and implementing modifications if such modifications are reasonably available.
- E. Ensuring the confidentiality of an individual's status as a survivor of sexual assault/abuse.

The Critical Incident Response Team is made up of the Chancellor, Leadership Team, and Chief of Campus Safety. Methodist College has a values-based commitment to creating an optimal learning environment for all Methodist College students as well as a safe working environment for all employees. These values include providing a supportive environment of a small- college experience.

The Critical incident Response Team serves as a coordinating entity in responding to critical incidents affecting students, employees, and guests. The Team assists local emergency agencies with their response to critical incidents affecting students, employees and guests. The team assists in the restoration of operations of the college following a critical incident.

A critical incident is an adverse event that causes or has the potential to cause harm to an individual student, group of students, or the College and requires immediate response from Campus Safety. The following are incidents to which they will respond:

- A. Death of a student (on campus)
- B. Fire/explosion or significant damage to property affecting students
- C. Communicable disease
- D. Life threatening injury or illness of a student (on campus)
- E. Missing person (student)
- F. Sexual assault (student)

- G. Natural disaster affecting students
- H. Methodist College recognizes that the above list may not cover all situations that warrant intervention.

### **College Closure Due to Inclement Weather**

Methodist College will remain open during inclement weather unless conditions are such that most students, faculty, and staff are likely to be unable to traverse city streets and other thoroughfares leading to the campus, or unless a power/fuel curtailment to the College causes a critical shortage of energy. Methodist College encourages all faculty, staff, and students to use good judgment and exercise caution when deciding whether to travel on hazardous roadways in inclement weather.

There are three categories for weather conditions:

A. **Category I: Inclement Roads with Passable Roadways Surrounding the College**

When roads are expected to be passable in the area surrounding the College, the College will remain open for normal operating hours, during which time all students, faculty, and staff are expected to be present to perform their normal work assignments. Roadways are not cleared in a consistent manner and weather is variable regarding icing and snowfall. Therefore, any person who believes his/her well-being would be placed in jeopardy by driving from their location is encouraged to exercise good judgement.

B. **Category II: Early Closure or Delayed Opening**

If road conditions early in the day are hazardous but are expected to improve by late morning, campus opening may be delayed. Conversely, if road conditions are expected to deteriorate in the evening, the campus may be closed early in accordance with conditions and predictions.

C. **Category III: Campus Closure**

If roads in the area surrounding the College are not passable, the college will be closed. In this event, all on-campus classes will be cancelled, and all offices will be closed.

The official decision to close will be made by the Chancellor in consultation with the Methodist College Chief of Campus Safety. The Chancellor will immediately notify the Dean of Academic Affairs when a decision is made to close the campus or delay opening. The Dean of Academic Affairs will notify the news media, including WEEK (NBC) WMBD (CBS), WHOI (ABC) and 1470 WMBD radio, as well as post the announcement on Methodist College social media. The Chief of Campus Safety will send out the announcement through School Cast and through the **pia mc everyone@methodistcol.edu** email address.

If the College plans to close offices and suspend classes, all area television and radio stations will be notified the previous evening or no later than 6:00 a.m. of the day in question. The exact period of closing or delay in opening will be specified. The College will be open for business as usual if Methodist College is not on the news media's list of schools and businesses to be closed. The College will post decisions regarding the closing or delayed opening on the website at **www.methodistcol.edu**.

The Chief of Campus Safety will activate School Cast to notify all students, faculty, and staff of the campus closure or delayed opening.

## Tornado Warning

Methodist College has a planned procedure to follow in the event of a tornado watch/warning to aid in the protection of employees, students, guests, and property.

### Tornado Watch

When conditions are favorable for severe weather to develop, a severe thunderstorm or tornado watch is issued by the National Weather Service in Lincoln, Illinois. Local radio and/or television stations will issue the watch notification for specific central Illinois counties. The internal notification of a watch should be implemented when Peoria County and/or any surrounding counties are designated as “watch areas”.

If a tornado watch is issued the following procedures will be followed for the Methodist College building and Prairie Sky Apartments:

- A. Listen to local radio and TV stations for further updates if available
- B. Be alert to changing weather conditions
- C. Stay alert for additional announcements

### Tornado Warning

A tornado warning is announced by the National Weather Service when a tornado has been sighted or indicated by weather radar for Peoria County and/or any surrounding counties. Tornadoes travel at the average of 30 miles per hour and usually move from southwest to northeast counties, but their direction of travel can be erratic and may change suddenly. Most tornadoes occur during the mid-afternoon or early evening (3:00 pm – 7:00 pm) but can originate at any time with little warning from the Peoria Weather Bureau. If a tornado warning is announced, students and staff should be prepared to take appropriate steps listed below. Tornado Warning Announcement Determination: A tornado warning will be announced to designated Methodist College employees and residents of the college when the City of Peoria Emergency Civil Defense Sirens are activated, or a tornado warning is issued for county of Peoria and the tornado is within a ten (10) mile radius of the City of Peoria and moving in the direction of Methodist College.

If a tornado warning is issued the following procedures will be followed:

- A. Campus Safety will monitor weather alerts by radio and alerts received on weather apps on their cellular phone and will make an announcement on the college P.A. system for everyone to go to the tornado refuge areas.
- B. Campus Safety will also issue a message on School Cast to all employees and students advising them of the tornado warning for the campus.
- C. Methodist College Chancellor, Leadership Team, or the Director of Operations may also announce a tornado warning over the P.A. system.
- D. Relocation: Tornado warnings will only be announced within Methodist College when there is a real, direct risk of the potential for loss of life, property, or damage to the building and individuals located on campus. Therefore, it is imperative that all efforts be made to relocate.
  - a. In the Methodist College Building:
    - i. Close all doors of rooms with exterior exposed windows.
    - ii. Employees/students should quickly move to the designated tornado refuge areas.

- iii. Employees/students should encourage all visitors to move to a safe area and direct them to the tornado refuge areas.
- b. In the Prairie Sky Apartments:
  - i. All occupants are to go to the first-floor commons until Campus Safety have given the “all clear”.
  - ii. If the RAs are present, they will assist in getting all occupants to the appropriate areas.

All Clear: Methodist College employees and students should continue to monitor the weather conditions in the tornado refuge areas until the “all clear” given. Once the threat or warning has been deemed expired by the National Weather Service, Campus Safety will issue an all-clear announcement.

Actions and/or patterns of a behavior that may warrant an assessment include without limitation:

- A. Sudden changes in work performance
- B. Violation of safety policies
- C. Repeatedly not following work direction
- D. Disorientation
- E. Personality changes
- F. Behavior problems
- G. Drowsiness

When notified of suspicion of a drug-free policy violation, the notified Dean or Chair shall investigate and determine if further evaluation is warranted. If warranted, the dean will coordinate with Campus Safety to arrange to transport the student to a Methodist Medical Center of Illinois (MMCI) Emergency Department (Methodist, Proctor or Pekin) if the student is on one of the MMCI or college campuses. If the student is at another clinical site, the Dean will coordinate with

the appropriate clinical supervisor to arrange transportation to one of the MMCI Emergency departments.

Students attending College classes, clinical activities or other activities as described in the paragraph above shall not report under the influence of alcohol as alcohol is medically considered a drug.

Students who are using prescription medications, as prescribed by a licensed health care provider or over-the-counter medication, as directed on the packaging, for the medical conditions for which they are intended will not be in violation of this policy.

However, students who are using such substances in an abusive manner will be subject to this policy. Regardless, each student is requested to advise his/her instructor or clinical supervisors when he or she recognizes that the use of a non-prescription drug or a prescription drug may affect his or her ability to fulfill student responsibilities. The instructor or clinical supervisor shall decide whether the student can participate in the activity.

To follow the Drug Free Schools and Communities Act (DFCSA), this policy will be sent to all students annually.
